

I was born and raised in the beautiful Golden Isles of Georgia, and frankly, in all of my travels have found no better place to call home!

My school years were spent on Turtle River, and the last 30 years I've lived on Fancy Bluff Creek. Yes, I believe I am addicted to the water... it just soothes my soul! . Which is ONE of the reasons I am so excited about Liberty Harbor...there are many others.

My family has always lived in Brunswick and the Golden Isles, in fact my Grandfather, George Owens, his eldest son Mitchel, and also my father Harry, were all sheriff of Glynn County, in succession, spanning a period from 1912 to 1976...and I have a cousin in the sheriff's office at this time!

The Golden Isles is a wonderful place to live and offers so many diverse activities—the beaches, rivers, ocean, fishing, boating and the great weather, just to name a few that appeal to almost anyone.

I see the Liberty Harbor project as a great opportunity to utilize a beautiful and also historical area, and I am excited to be a part of it. I am researching the names of the Liberty Ships that were actually built in “Our” shipyard, hoping that these names can be incorporated into this exciting venture in some way. What a great way to revive a part of our history and at the same time live in such a great place!

We are looking forward to spending time on our balcony at Liberty Harbor, watching the tides and the ships come in!
